SUMMARY

Motivated computer science graduate with strong problem-solving skills and a quick learning ability. Eager to contribute technical knowledge to innovative projects in a dynamic environment.

PROJECTS

- **NyayaSetu – Blockchain-Based Justice Platform**

Built a full-stack web application using Next.js, Node.js, MongoDB, Ganache, and Tailwind CSS. Designed secure workflows for Aadhaar verification, evidence management, and forensic analysis. Developed data storage and retrieval mechanisms to ensure data integrity, traceability, and transparency across the platform.

- **Data Analytics and Reporting Project**

Performed data cleaning, transformation, and analysis using Python, SQL, and spreadsheet tools. Generated business insights through exploratory data analysis, reporting, and visualization techniques. Applied data quality checks and validation processes to improve reporting accuracy.

SKILLS

Programming: Python, Java, C

Databases: MySQL, MongoDB

Data Engineering: ETL, Data Transformation, Data Cleaning, Data Integration, Data Validation, Data Analysis

Analytics & ML: Machine Learning, Deep Learning, Natural Language Processing, Reporting

Web Technologies: HTML, CSS, ReactJS, NextJS, NodeJS

Tools: Git, GitHub, Linux, Jupyter Notebook

Cloud: Cloud Computing Fundamentals, Data Processing Workflows

EXPERIENCE

Research Assistant, PES University

September 2025 – Present

Working on Post-Quantum Cryptography (PQC) for multimedia security applications, focusing on the implementation and evaluation of quantum-resistant cryptographic techniques. Contributing to research, experimentation, performance analysis, and technical documentation in collaboration with faculty members.

EDUCATION

- **Master of Computer Application:** PES University, Bengaluru - 2025 - 74%

- **Bachelor of Computer Application:** Kristu Jayanti College, Bengaluru - 2022 - 82%

CERTIFICATIONS

- Data Analytics Specialization Certificate
- Machine Learning and Data Science Coursework – MCA Program
- SQL for Data Analysis and Database Management

ACHIEVEMENTS

- Achieved first place in the Intracollegiate IT Fest 2023, demonstrating excellence in IT skills and teamwork.
- Secured second Place in a 24-hour Hackathon organized by the Center of Cybercrime Investigation Training and Research (CCITR) PES University 2025.
